IN REPLY REFER TO:

3800
U-69380
(UT-022)

SEP 22 1994

Mr. Gary Mullard
Northern Stone Supply
P.O. Box 249
Oakley, Idaho 83346

Dear Mr. Mullard:

Thank you for meeting with us on September 2, 1994. This letter summarizes our understanding of the agreements that we reached at that meeting.

We agreed to give you until October 7, 1994 to submit the required \$13,000.00 bond.

We agreed to defer action on the fence on the northern boundary of the mining claims. The fence is to remain in its present state of disrepair.

We agreed that stone in Rock Creek will be removed to BLM standards as work on the claim proceeds. Workman-like progress is expected. The section of stream involved is about 150 to 200 feet long beginning about 200 feet upstream from the cabin.

We agreed to further consultations on, and to remedy if necessary, the following:

- A. recent deposition of rock into the stream bed upstream from where the old dugway road entered Rock Creek,
- B. new location of the fence and entry gate to the facility on the south side of the property.
- and-
- C. we would inspect any areas of the operation that you have reclaimed.

We also understand that you do not at this time intend to construct the air field that was discussed in your original Plan of Operations.

Thank you for your attention to these matters. We look forward to an amicable resolution to those items regarding your operation that are in dispute between us. We hope that this would make it possible for you to withdraw the appeal that you presently have before the Interior Board of Land Appeals.

Sincerely,

DEANE H. ZELLER
